You need the best people trained in the latest technology to handle today's industrial facilities. Rex Moore's knowledgeable and experienced team can design and build any facility you conceive:

- High voltage installations
- Bus duct power distributions
- Food processing facilities
- Warehouse distribution systems
- Cold storage refrigeration
- Mechanical interlock and control wiring
- Energy efficient and high intensity lighting
- Cable tray systems for communication distribution
- Stainless steel installation
- Security and intrusion alarm systems
- Closed circuit television systems

Our years of industrial experience in design and construction include billing facilities, wineries, food processing facilities, aggregate plants and distribution facilities.
