**FOR IMMEDIATE RELEASE**

**MARCH 17, 2015**

**REX MOORE APPOINTS NEW SIERRA-NEVADA AREA MANAGER**

Sacramento, CA (March 17, 2015) – Rex Moore Electrical Contractors & Engineers announced today the appointment of David Morandi as Area Manager for the Sierra-Nevada Branch office located in Reno, Nevada. The region encompasses a broad territory, including northern Nevada, Lake Tahoe and Truckee.

Mr. Morandi joined the Rex Moore team in 2008 as a project engineer, and shortly thereafter was promoted to project manager. As project manager, Mr. Morandi quickly demonstrated his extraordinary skills in building highly productive teams, managing complex projects and completing projects within budget and schedule. On the complex Hard Rock Hotel & Casino Lake Tahoe renovation project, Mr. Morandi and his team were recognized by general contractor SMC Contracting as instrumental to passing final inspections and obtaining the final occupancy permit on schedule in January 2015. Prior to that, Mr. Morandi made significant contributions on other notable regional projects, including the Patua Geothermal Plant, DFA Milk Dehydration Process Facility, Frank R Howard Memorial Hospital, Tahoe Forest Hospital Cancer Center and Skilled Nursing Facility, Assumption Catholic Church, Summit Assisted Living, and the Cascades of the Sierra.

As Area Manager, Mr. Morandi will be responsible for managing all operations of the Sierra Nevada Branch and growing Rex Moore’s electrical contracting business in the region. “I look forward to furthering Rex Moore’s established relationships in the community and region, and making important contributions to future building projects with a focus on strong team building, continuous improvement and Lean construction practices,” says Mr. Morandi. He graduated

top of his ABC Apprenticeship class and earned journeyman electrician certification in 2005. He also is the recipient of the ABC Apprenticeship Excellence Award and serves on the ABC Apprenticeship Committee. Mr. Morandi completed coursework in General Studies at Shasta Community College.

Mr. Morandi succeeds Jason Blum as Area Manager who was promoted to Engineering Director for Rex Moore and now oversees all engineering for the family-owned Top 50 electrical contractor based in Sacramento, California. “David has the rare combination of strong managerial skills, professionalism and significant field experience in all aspects of electrical, telecommunications, security and fire alarm installations,” says Mr. Blum. “He has proven abilities in upholding Rex Moore’s highest standards of quality and in building lasting relationships.”

### **About Rex Moore**

Rex Moore Electrical Contractors & Engineers is one of the Top 50 largest electrical contractors in the nation. Family-owned and managed since 1922, the company has a rich heritage of performing high quality electrical and integrated systems design, engineering, construction and maintenance work in a manner that delivers extraordinary value to its clients. The company was one of the first electrical contractors to embrace the design/build methodology and to incorporate Lean manufacturing processes into its operations. Rex Moore’s culture of innovation and continuous improvement has played a key role in transforming the company today into an industry leader in the area of prefabrication and manufactured electrical assemblies.
